 ISIS SAGE

EXPERIENCE

Isis Sage is a DJ from Australia with a passion for creating meaningful, high-energy experiences through sound. Her journey has taken her across Europe, Africa, Asia, and Australia—playing sets in après-ski bars in the French Alps to touring across Egypt Morocco and Portugal. Each destination has helped shape her versatile, crowd-focused style and deepened her connection to global music culture. Drawing from Melodic House, progressive house, tech house, and electronic dance music, her sets are soulful and rhythmic. With an intuitive ability to read the crowd, she brings a seamless flow and infectious energy to every stage. As a rising female DJ, Isis Sage is passionate about bringing more representation and creating inclusive spaces where people can move, connect, and feel the music.

STYLE

House
Indie Dance
Melodic / Afrohouse
